

GROUP EXERCISE CLASS DESCRIPTIONS

CARDIO / STRENGTH

BODYPUMP - THE ORIGINAL BARBELL CLASS™, the ideal workout for anyone looking to develop lean muscle and get fit. Using light to moderate weights with lots of repetition, BODYPUMP gives you a total body workout. Instructors will coach you through the scientifically-backed moves and techniques pumping out encouragement, motivation and great music – helping you achieve much more than on your own! You'll leave the class feeling challenged and motivated, ready to come back for more.

RPM™ is a group indoor cycling workout that is fun and low impact, where you control the intensity. With great music pumping and the group spinning as one, your instructor takes you on a journey of hill climbs, sprints and flat riding. In an RPM workout you repeatedly spin the pedals to reach your cardio peak then ease back down, keeping pace with the pack to lift your personal performance and boost your cardio fitness.

Group Cycle A group exercise class done on stationary bikes that includes a variety of cycling techniques and skills to provide a high energy cardio workout.

Cardio Fusion - A cardio workout that can include interval drills step, choreographed varied intensity aerobics, or kickboxing, and includes strength segments for a total body workout

Strength Fusion - This class combines traditional strength exercises with the hottest functional training moves to make you fitter and stronger. You will sculpt your body with an emphasis on strength and balance while using a variety of equipment.

Total Body Training - Want to burn fat, build muscle and have fun? Class combines challenging strength and cardio exercises in just one workout to strengthen your entire body.

DANCE
